## ALPHA 0706806 Split system - collection + storage + soaking

## APPLICATIONS

Trolley used for the waste collection, for the wet mopping and/or disinfection in hospitals, rest homes, clinics, medical practices, with mop soaking system on demand: the innovative Equodose® mechanical dosing device (to order separately).

## ECO BOX

### COMPLIES WITH THE EUROPEAN GPP GUIDELINES ON THE USE OF ENVIRONMENTALLY FRIENDLY PRODUCTS IN PUBLIC ADMINISTRATIONS

The soaking system directly on site, trolley equipped with Equodose, prevents the operators from deciding the soaking degree of the mops at their discretion and guarantees the maximum efficiency in the water and chemical consumption

Buckets made of recycled plastic (50% of their weight), PSV (Plastic Second Life) certified, available in different colours according to their final use

Manufactured with repairable components and / or available as spare parts, to ensure a long life cycle

### PSV PRODUCT

Product partially made of PSV certified plastic components - Plastic Second Life: the first Italian and European brand of environmental product certification that guarantees and makes it easier to identify goods obtained using recycled plastics

### CARBON FOOTPRINT

Filmop is certified according to the Carbon Footprint Systematic Approach, carried out in compliance with the UNI EN ISO 14067:2018 standard, which allows to quantify the environmental impact of the product expressed in CO<sub>2</sub> emitted at each stage of the life cycle

### ECO-FRIENDLY PRODUCT

Product made of separable materials and, consequently, recyclable at the end of its life

Product sold in packaging compliant with Legislative Decree 116 of 03-09-2020 concerning the obligation of environmental labeling for correct disposal at the end of use. 99% of the cardboard packaging used by the company is made on average with 80% recycled paper

## FEATURES

- Made of high quality polypropylene copolymer: light, shock-proof, heavy duty and low-temperature resistant
- Strong, tough, ergonomic, modular, easy to assemble and clean
- The fixed side walls and the side doors are completely smooth and upon request, they can be customized with drawings, pictures or logo
- The Equodose® dosing system allows to soak on demand and directly on site just the necessary mops that will be ready to use in a few and simple steps
- Top-Down® bucket 20 L with hermetic cover and handle for the transport of mops
- Its vertical frames guarantee the maximum hygiene, being the trash bag always separated from the rest of the trolley
- Bagholder equipped with ergonomic push-bar, handle supports and hooks. Completed with two shock-absorbing pistons for a silent and soft closure of the cover
- The bagholder can be equipped by a kit pedal which allows the opening of the cover by foot, without using the operator's hands
- The bagholder is completely closed for a better hygiene and the door helps the operator while emptying the bag from the front
- Thanks to the bag holder and the lower removable drawer, the trolley has a closed storage compartment with a minimal space
- The stainless steel holder fitting the bag holder allows to use 2x4 L buckets for the storage and the transport of multipurpose cloths or other cleaning equipment
- The trolley can be equipped with hooks, baskets with dividers, carry baskets, handle holders and many other accessories: we suggest you to check our technical catalogue in the "components and accessories" section of our Alpha line of trolleys in order to know the complete range of the available accessories.
- Latex-free product

## MATERIAL

Polypropylene copolymer and stainless steel
